A WARM WELCOME

MEDICAID is committed to excellence and quality and has an established international reputation for offering the very best in private healthcare. We provide the highest standard of Radiological, laboratory and clinical services across an extensive range of specialties.

Delivering a wide range of medical services, we offer only outpatient and day case treatment within a serene environment. These services can be provided within private health insurance scheme funding or with out of pocket funding.

We believe that paying close attention to the comfort of our patients helps their recovery. Our clients' comfort during their visit to our facility is important to us and we take extra care to attend to this during their stay.

Kindly read through this brochure to learn more about our facilities and the extensive range of medical specialties available to you at MEDICAID.

Please contact our Marketing Team if you require any further information.

ABOUT US

Medicaid Radio-diagnostics is a wholly indigenous company that was established in 2009 and is dedicated to improving the standard of diagnostics services in Nigeria. It started as the first of its kind in Abuja and is deemed the forerunner in the provision of dedicated radiological and diagnostics services.

Mediaid provides the highest standards of interventional, diagnostics and specialist services amidst pristine clients' service delivery in a comfortable environment. As evidence of our professional and satisfying service rendition, our services are retained by Health Management Organisation and other reputable private and public organisations including multinationals, embassies as well as government agencies.

OUR VISION

To be the lead in diagnostic services in Nigeria.

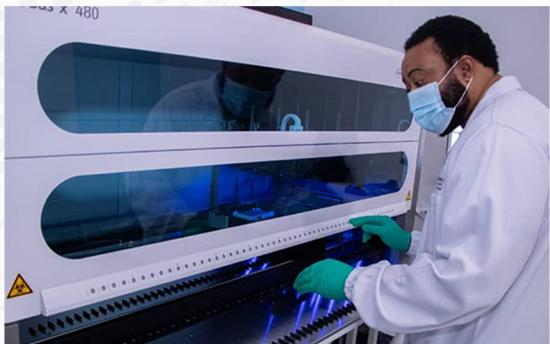

OUR EDGE

Service delivery by a team of professionally trained and experienced specialists and courteous customer experience management team.

Maintenance of high Quality of Service (QOS) built on cutting edge technology, using worldclass equipment, and guided by global best practices.

A welcoming and comfortable service delivery environment.
